PROFILE

AWS Certified Cloud Practitioner (Sept 2025). 2+ years of experience designing, building, and deploying web applications using JavaScript, TypeScript, Python, Flask, React, and RESTful APIs. Skilled in applying cloud computing concepts, AWS web services, and object-oriented programming to deliver scalable solutions.

Trained through the ALX Africa Software Engineering Program and the BrainStation Software Development Diploma, with professional experience at Vifta, contributing to cross-functional projects across the stack. Adept in debugging, monitoring, and performance improvements to resolve technical issues.

Recognized for strong problem-solving, communication skills (verbal and written), and adaptability in dynamic environments. Passionate about leveraging innovative cloud solutions to improve accessibility, security, and user experiences.

SKILLS

AWS, Cloud Computing, JavaScript, TypeScript, Node.js, Express, React, Next.js, Python, Flask, SQL(PostgreSQL, MySQL), MongoDB, Git/GitHub, Jira, JSON, Postman, Bootstrap, Sass, MUI, Agile Methodologies, Problem-Solving, Teamwork, Interpersonal Skills, Time Management, Communication.

PROJECTS

Full Stack Developer | MAR 2025 | [InstaloanX Application](#)

- Developed a secure and efficient loan management system using Express.js, Knex.js, React, Sass, HTML, CSS and MySQL.
- Implemented JWT authentication and role-based access control to secure user data.
- Hosted the application on [Netlify](#) using environment-based configurations.

Backend Developer | AUG 2024 | [Bookhive Library Management System](#)

- Designed and implemented a RESTful API using Node.js, Express.js, and PostgreSQL.
- Integrated bcrypt and JWT authentication for secure user login and session management.

CERTIFICATIONS

- [AWS Certified Cloud Practitioner](#) – Amazon Web Services (AWS), Sept 2025
- ICTC - WIL Cloud Computing

EDUCATION

Keyin College | Diploma, Software Development

JAN 2025 - APR 2026 | CANADA

BrainStation | Diploma, Software Development

MAR 2025 | CANADA

ALX Africa | Certificate, Software Engineering

MAR 2023 - AUG 2024

Federal University of Technology, Akure (FUTA) | B.Tech, Applied Geology

AKURE, NIGERIA

EXPERIENCE

Full-stack Software Developer | Vifta Technology Limited

APRIL 2025 - PRESENT | ST. JOHN'S, NL, CANADA

- Built and styled 10+ responsive web applications using Next.js, MaterialUI and TypeScript, contributing to product growth and user adoption.
- Contributed to backend services with Node.js and MongoDB, including secure file uploads and dynamic email workflows.
- Enhanced application performance and SEO visibility through metadata optimization and efficient API handling.
- Collaborated in a cross-functional team to integrate PostHog analytics, refining specs and delivering insights that improved product decision-making.

Geography & Mathematics Teacher | High School

JAN 2017 - FEB 2020 | NIGERIA

- Mentored 200+ students annually, fostering critical thinking and problem-solving through interactive lessons, mirroring agile feedback loops.
- As Exam Coordinator (2019-2020), led a team of 28 teachers to administer exams for 1000+ students, ensuring 100% on-time delivery of 10,000+ scripts across 30 subjects.

Fashion Designer | Magret Couture (Self-Employed)

JAN 2015 - AUG 2024 | NIGERIA

- Managed 50+ client consultations yearly, utilizing active listening and stakeholder collaboration to translate user requirements into personalized solutions.
- Oversaw 10+ concurrent projects monthly, applying time management, prioritization, and problem-solving in a fast-paced, deadline-driven environment.
