PROFILE

AWS Certified Cloud Practitioner (Sept 2025). Software Developer with 2+ years of hands-on experience designing and building scalable web applications using JavaScript, TypeScript, Python, Java, Node.js, Express, React, and RESTful APIs. Proficient in developing secure, backend systems and frontend interfaces, with an understanding of cloud computing principles and AWS web services. Adept at debugging, performance optimization, and database design using PostgreSQL and MySQL.

A software development student at Keyin. Trained through the ALX Program and BrainStation Diploma, with internship experience at Vifta.

Recognized for strong analytical and communication skills, adaptability, and a growth-oriented mindset. Passionate about creating dependable, human-centred software that enhances security, accessibility, and user experience.

SKILLS

JavaScript, Java, TypeScript, Python, Node.js, Express.js, React.js, Flask, Next.js, SQL(PostgreSQL, MySQL), MongoDB, AWS, Git, GitHub, Jira, REST API Development, Sass, Material UI, Problem Solving, Curiosity, Teamwork, Communication, Time Management, Adaptability.

PROJECTS

Software Developer | DEC 2025 **| Gym Management System**
- Developed a role-based, console-based gym management application using **Java**, with secure user authentication, PostgreSQL-backed data persistence, and activity logging.

Software Developer | NOV 2025 **| Da Refiner's Fire**
- Developed a faith-based web platform using Next.js, React, MUI, EmailJS, TypeScript, and Tailwind CSS to deliver inspirational Christian skits.
- Enhanced user engagement with interactive UI components, secure form handling, and analytics-driven insights.
- Hosted the application on **darefinersfire.org**

Full Stack Developer | MAR 2025 **| InstaloanX Application**
- Developed a secure and efficient loan management system using Express.js, Knex.js, React, Sass, HTML, CSS and MySQL.
- Implemented JWT authentication and role-based access control to secure user data.
- Hosted the application on **Netlify** using environment-based configurations.

CERTIFICATIONS

- AWS Certified Cloud Practitioner — Amazon Web Services (AWS), Sept 2025
- ICTC - WIL Cloud Computing

EDUCATION

Keyin College | Diploma, Software Development
JAN 2025 - APR 2026 | CANADA

BrainStation | Diploma, Software Development
MAR 2025 | CANADA

ALX Africa | Certificate, Software Engineering
MAR 2023 – AUG 2024

Federal University of Technology, Akure (FUTA) | B.Tech, Applied Geology
AKURE, NIGERIA

EXPERIENCE

Full-stack Software Developer (Intern) | Vifta Technology Limited
APRIL 2025 - PRESENT | ST. JOHN'S, NL, CANADA
- Built and styled 10+ responsive web applications using Next.js, MaterialUI and TypeScript, contributing to product growth and user adoption.
- Contributed to backend services with Node.js and MongoDB, including secure file uploads and dynamic email workflows.
- Enhanced application performance and SEO visibility through metadata optimization and efficient API handling.
- Collaborated in a cross-functional team to integrate PostHog analytics, refining specs and delivering insights that improved product decision-making.

Geography & Mathematics Teacher | High School
JAN 2017 – FEB 2020 | NIGERIA
- Mentored 200+ students annually, fostering critical thinking and problem-solving through interactive lessons, mirroring agile feedback loops.
- As Exam Coordinator (2019–2020), led a team of 28 teachers to administer exams for 1000+ students, ensuring 100% on-time delivery of 10,000+ scripts across 30 subjects.
